BORN to SOAR!

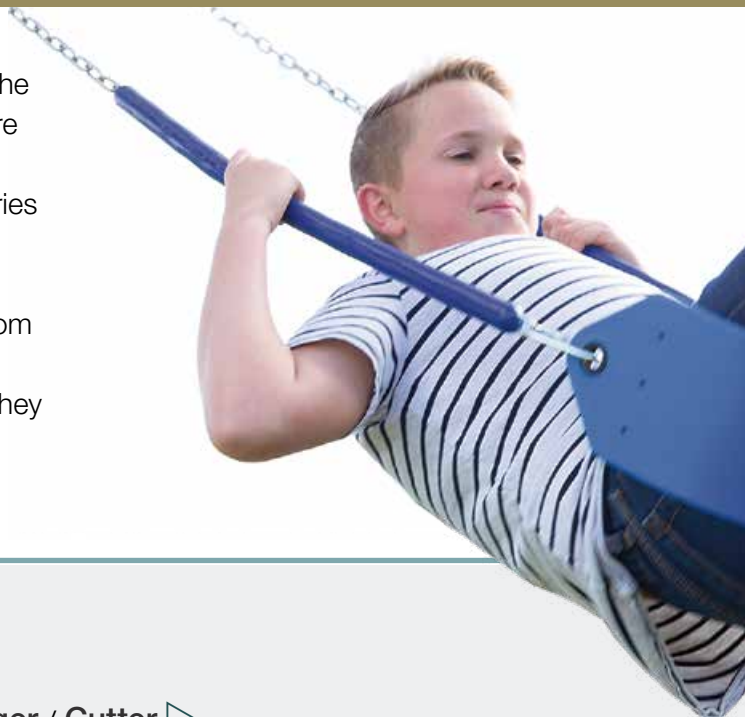

At **Patiova Playsets**, we love children! We sincerely believe in the value of free play for children's health and development—they're "Born to Soar!"

We're passionate about building swing sets that create memories that last a lifetime. Patiova Playsets are carefully crafted in Lancaster County, PA, with high-quality workmanship from primarily USA components and are environmentally friendly, from the roof to the floor.

Playsets provide your child hours of fun in the back yard plus they are a healthy part of their growth & development!

(Adult supervision recommended while playsets are in use.)

WOOD PLAYSETS

ENVIRONMENTALLY FRIENDLY, FROM THE ROOF TO THE FLOOR

▷ **1: Slides, Swing Seats, & Climbing Ladder Rungs Made in USA.**

(See options; pages 30-33)

▷ **2: Optional Poly Slats** carry the added benefits of no splinters, no maintenance, & extra color (wood slats standard).

▷ **3: Optional Wood Roofs** are made with weather-resistant lumber.

▷ **4: Bare Feet's Best Friend!**

Floorboards are a splinter-free wood alternative that is easy to maintain and does not require synthetic preservatives or coatings.

▷ **Wood Products** are harvested stateside by companies who have aggressive environmental programs in place. Our treated wood uses non-arsenic based, environmentally safe preservatives to combine the natural beauty of real wood with proven long-lasting resistance to termites and fungal decay. It can be painted or stained if desired and will benefit from periodic water repellent coatings for best appearance.

△ 2

△ 3

BENEFITS OF WOOD

Patiova Playsets Cascade Series uses wood for most structural components. What are some benefits of using wood?

▷ Wood is Natural & Earth-Friendly

In the southern states, where the wood for the Cascade Series is harvested, tree farming is effective in preventing soil erosion. Thus, tree farming benefits our ecosystem by preserving top soil and reducing soil runoff into creeks and streams. Since wood grows naturally, it is earth-friendly.

▷ Wood is a Very Renewable Resource

Due to improved forest management, more wood is available now than 25 years ago. As long as we have sun and rain, we will never run out of wood!

▷ Wood is User-Friendly

Wood can be sanded when scratched. If necessary, wood components can be replaced and easily matched.

OLYMPUS

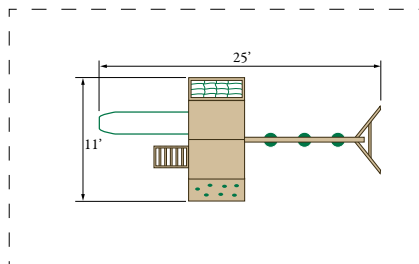

Cascade Series

◀ Olympus:

Featuring: 4'x6' Platform With Tire Swing, Ladder, Hand Grips, Handrail, 5' Rock Wall, 5' Cargo Net, Tarp Roof, Telescope, 10' Wonder Wave Slide, 3-Position 8' Swing Beam, *2 Belt Swings, *Plastic Glider & (6) Anchors (*with soft grip chain)

Shown with Golden Oak Stain.

◀ Dimensions:

Tower:

Platform Height: 5'

Platform Dimensions: 4'x6'

Overall Footprint: 25'x11'

Recommended

Playground Area: 37'x23'

Border: 120'

Wood Mulch: 10.5 cu. yd.

Rubber Mulch: 3.5 tons

THE OLYMPUS PLAYSET

comes with a 4'x6' tower on slanted legs featuring an adventurous rock wall and an easy to climb ladder. You will find a fun tire swing mounted on a swivel under the tower. The swing beam has room for three swings, perfect for hours of delightful squeals as your kids glide back and forth. The 10' wonder wave slide coming off the deck will put a smile on your kid's face. We can make changes to this set to fit your needs; let us customize it for you today.

WHY THE OLYMPUS?

- Rock Wall & Cargo Net
- Lots of Activities
- Large Platform

CONQUER NEW REALMS!

NEW HEIGHTS!

◁ Rock Wall

Scale this rock wall to new heights on your way to new adventures.

WOOD PLAYSETS

SPACE SAVER

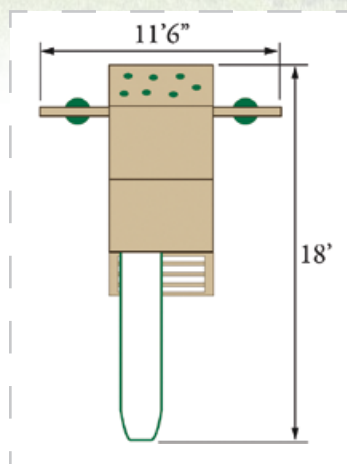

OLYMPUS

Cascade Series

◀ Olympus:

Featuring: 4'x6' Platform with Tire Swing, Ladder, Hand Grips, 5' Rock Wall, Tarp Roof, 10' Wonder Wave Slide, 2-Position Space Saver Swing Beam, 2 Belt Swings & (4) Anchors.

THE CASTLE PLAYSET

comes with two 5'x4' towers at different levels – plenty of room and activities to keep a group of kids busy for hours. Two different slides, swings, and easy access ladder are just some of the fun to be had on this set. The Castle has plenty of room for customizations, so let us help create the playset you want.

WHY THE CASTLE?

- Two Towers
- Tarp Roofs
- 7' Tornado Tube Slide

FAMILY FUN TIME!

QUICK ACCESS

◁ Ramp

Add a ramp to your playset and your kids will have a good time running up and down by making it easier to reach higher platforms and allow smaller children to reach the next level of fun!

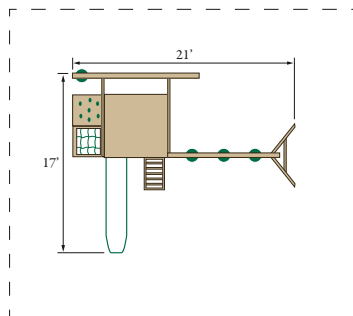

6x6 CHALLENGER

Cascade Series

◀ 6x6 Challenger:

Featuring: 6'x6' Tower with Step Ladder, Handrail, 6'x6' Sandbox, Tarp Roof, Poly Slats, 5' Rock Wall, 5' Cargo Net, 10' Wonder Wave Slide, Tire Swing, Sky Glider with Cyclone Seat, 3-Position 8' High Swing Beam, Captain's Wheel, *Belt Swing, *Trapeze, Plastic Glider & (6) Anchors
(*with soft grip chain)

◀ Dimensions:

Tower:
Platform Height: 5'
Platform Dimensions: 6'x6'
Overall Footprint: 21'x17'
**Recommended
Playground Area:** 33'x29'
Border: 124'
Wood Mulch: 12 cu. yd.
Rubber Mulch: 4 tons

THE 6X6 CHALLENGER PLAYSET

comes with a 6'x6' tower covered with a heavy-duty tarp roof. The sky glider with the cyclone seat on the back of this set is a fun way to glide across the rail. The swing beam with space for three swings allows for a variety of activities. This set also has fun features like the rock wall, cargo net & three chain tire swing, all of which will be significant energy burners. Customize this set with the features you and your family dream of.

WHY THE 6x6 CHALLENGER?

- Large Deck Space
- Sky Glider with Cyclone Seat
- Climbing Features

WEEEEEEEE!

◁ Sky Glider

What a fun and exciting ride for you and your children. Enjoy gliding across the ground on the sky glider with the wind blowing across your face and laughter in the air. Shown here with the cyclone seat.

HEAP OF FUN!

WOOD PLAYSETS

Cascade Series 5-Year Warranty

All products are guaranteed for five years against defects in the manufacturer's workmanship or materials. In addition, treated wood carries its warranty against decay and termite infestation. The manufacturer makes no other warranties of merchantability.

The manufacturer's products are not warranted as being suitable for a particular purpose. The suitability of products is for the purchaser to determine. Adult supervision is recommended while playsets are in use.

Sets are designed to be used safely for many years. Upper grades of lumber are selected for manufacturing. Most lumber is dried after treatment and resurfaced with rounded edges for safety, comfort, and ease of maintenance. Metal parts are either rust-proofed or plated to resist corrosion. The manufacturer reserves the right to make design and construction changes without notice.

Assembly instructions are included for sets requiring on-site assembly. At least three to five inches of playground mulch should be installed in play area to increase safety and enjoyment. Exterior paints or stains may be applied to any set.

© 2022

Cascade Series Maintenance & Use Instructions

- 1. Check that all attachments are secure** three weeks after playset is installed. Continue to check regularly and secure as necessary thereafter.
- 2. Inspect regularly for broken or damaged pieces.**
Splintered surfaces should be sanded smooth to avoid danger of injury. Cracks resulting from weathering are normal; pieces developing those cracks do not need to be replaced. However, pieces with structural damage DO need to be replaced promptly.
- 3. On swing sets with a tire swivel:**
The swivel should be checked and lubricated on a regular basis.
- 4. Staining instructions:**
A quality water sealer and/or stain can be applied per owner's preference. For best results, apply sealer/stain within a month after playset installation, following instructions on product label. If your playset was purchased with a stain already applied, it should be re-sealed within two years with a sealer/stain of your choice. When applying follow-up treatments, always follow instructions on product label.
- 5. Children playing on playsets should be supervised by an adult at all times.**
